

READFIELD ROAD COMMITTEE November 10, 2022

Present: Roland Cote PE (Ret.), Douglas Riley PE, Mike LaBerge, Brian Tarbuck PE, Matt Seems (staff).

Absent: Eric Dyer Town Manager

- 1) Meeting was called to order at 6PM by Mike LaBerge.
- 2) Minutes of our meetings on July 14 and August 4, 2022 were unanimously approved as submitted.
- 3) Pike Industries has replaced old corrugated metal pipe (CMP) culverts under driveways along Church Road with new PE culverts. Road ditches were cleaned and excavated material was delivered to the transfer station.
- 4) Bids will be taken for trimming of trees along Church Road.
- 5) A design contract has been awarded to Gorrill Palmer engineering of South Portland in the amount of \$77,000 for design of the sidewalk along Church Road.
- 6) The town has repaired the John Deere tractor used for roadside mowing. Mowing has been completed.
- 7) Town is negotiating with Skip Strong of P-Ridge Road to improve traffic flow, noise, and Right of Way issues at his property.
- 8) Scott Horne will plow our roads this winter. He recently purchased five 10 wheel dump plow trucks and a pickup plow truck to satisfy his contract. He will finish mixing the full amount of sand and salt on November 11, 2022. Doug expressed concern about the structural integrity of the existing salt/sand shed.

- 9) The Town is considering a “chip seal” treatment for Lane Road from its intersection with P-Ridge to North Wayne Road.

Next meeting will be December 8, 2022 at 6PM at Giles Hall

Meeting adjourned at 6:50 PM.

Respectfully submitted, November 12, 2022
Douglas A. Riley PE
Secretary
