

## **Town Manager Report**

November 14, 2016

### **Budget & Finance:**

- Treasurer's reports will take the place of updates on budget and finance.

### **Solid Waste and Recycling:**

- CES began site mapping work for the Transfer Station and access road last week.
- We do accept leaves at the Transfer Station.

### **Maintenance & Infrastructure:**

- The drainage work on the sidewalk was completed last week. The issue was larger than believed and cost just under \$2,000 to complete.
- We had an acute beaver dam issue on Beaver Dam Road last week. The blockage in the culvert was removed on Thursday and since that time three Beavers have been removed from the area.
- Ditch and culvert work was initiated last week and will continue this week and next. We are also attending to pothole repair and gravel road maintenance issues.

### **Announcements:**

- Many thanks to those who participated in the election by running the polls or casting your vote!
- There will be an Age Friendly Community meeting this Thursday to discuss the results of their extensive survey and gather follow-up information. This is a great opportunity to have your voice heard if you missed out on the survey. The meeting is at Gile Hall at 6:30pm.
