Town Manager Report

June 12, 2017

Solid Waste and Recycling:

- Please remember that recycling is not only mandatory, but also saves the town money.
- If you rent your property during the summer months please be sure to inform your guests of the need to separate household waste from recycling.

Maintenance & Infrastructure:

- Road and lot sweeping is complete - let us know if anything was missed.
- The Town's property at 1111 Main St. has received a lot of interest. Please contact our Realtor, Les Priest, to schedule a showing or with any questions. 207-215-7349.
- We continue to improve safety for residents and employees at the transfer station and maintenance building through operational changes and the planned addition of an eye wash station.
- Culvert cleaning and brush work will be ongoing throughout the summer.
- Roadside mowing will take place in July.

Personnel:

- Teresa and I attended training at the Maine Municipal Association for a new supplemental insurance program. We also received a certificate acknowledging Readfield's long history with MMA risk management - 37 years with the Workers' Compensation Fund and 30 years with the Risk and Casualty Pool.
- I am cross training with Teresa in a few different areas.
- We are developing "milestone" documents to better manage maintenance activities.

Announcements:

- The annual Volunteer Appreciation event has been confirmed for July 22nd at 4:00pm, and will include a dedication of the ballfield at the Fairgrounds. The event will be held at the ballfield and will include an "Ice Cream Social" for our volunteers and their supporters.
- Voting is tomorrow, June 13th from 8am to 8pm at Gile Hall.
