Town Manager Report

November 13, 2017

Maintenance & Infrastructure:

- The Holder is at Chadwick Baross and is being repaired. Current estimates are less than previously thought.
- Culvert work has been completed by John Cushing as a part of the FY 18 road work project.
- The Windstorm on October 30th has dominated the municipal landscape for the past few weeks, and just about every other landscape for that matter. Many people worked together to clear the roads and make sure their neighbors were safe. Special thanks to the Readfield Volunteer Fire Department for their response. Town maintenance staff continue to clear debris from the road edges.

- We are still accepting applications for the position of Part-time Librarian.

Announcements:

- 2018 Dog Licenses are now available at the Town office and online.
- We are updating our online business directory. If you would like to be listed please contact Robbin Lint.
- Thank you to our Poll Workers and to all those who came out to vote on November 7th!
