

ITS TIME TO TAKE THE 2020 CENSUS!

Why fill out the form?

Because Maine receives \$4,114,357, 289 each year through 55 federal programs guided by US Census data.

Census Dollars are **Health Care** Dollars

Filling out the 2020 Census will determine billions of dollars in Medical funding for Maine like Medicare Part B, Medicaid, health care centers, and nutrition and home care programs for seniors.

Census Dollars Impact Our **Communities**

Census data determines where hospitals, parks, roads and more are built. Business owners rely on census data to open new stores, restaurants, or offices. The 2020 Census will determine funds for housing programs, home heating assistance, transportation grants, and community service programs.

Census Responses Determine **Political Representation**

Every 10 years the census determines how many seats Maine gets in the House of Representatives.

We need every Mainer to be counted!
